JOIN OUR UPCOMING WEBINAR EVENT

Essential Communication for Cross-continuum Infection Control: Lessons Learned

Audience:
Community Coalitions

Thursday May 28th, 2020
12:30 pm ET 11:30 am CT

Event Description:

During this 30-minute session, Alliant Quality infection control experts will review the use of best practice tools and resources for infection control, as well as use real case examples to highlight how these tools and resources have helped manage patients with infections.

Join us to learn how we can improve our nation's healthcare system together by making it easier for nursing homes to provide person-centered care while improving their quality measure ratings at the same time.

Hosted by Alliant Quality, the quality improvement group of Alliant Health Solutions (AHS), the Medicare Quality Innovation Network-Quality Improvement Organization (QIN-QIO) for Alabama, Florida, Georgia, Kentucky, Louisiana, North Carolina, and Tennessee

Learning Objectives:

- Discuss the importance of Best Practice Tools for Cross Continuum Communication and Care Management
- Identify tools and resources for effective Infection Control Communication across Care Settings
- Discuss lessons learned from the field for improved cross continuum care management of patients with Infections.
