

Meet My Loved One

A Tool to Help Bedside Care Team Deliver Person-Centered Compassionate Care During COVID-19

Dear Caregivers and Families,

We understand the COVID-19 Visitor Restriction has been implemented to protect you and your loved ones from potential exposure. We want to assure you that we strive to provide the best care to your loved one during their stay with us. We know that you know your loved one the best and we want to partner with you to provide person-centered, supportive, compassionate care for them as close as we can to as if you were at the bedside. Please use this tool to provide information about what matters most to your loved one.
