JOIN OUR UPCOMING WEBINAR EVENT

Opioid Education: What You Need to Know

Audience:
Community Coalitions

Wednesday, August 4, 2021

1- 2 p.m. ET/12-1 p.m. CT

Event Description:

In this session, participants will learn what opioids are and the different types that define them, the benefits and dangers of opioid use and the metabolic impact of opioids on older adults such as mobility, increased falls etc. The side effects of opioids and the signs of overdose in addition to the benefits of co-prescribing Naloxone will also be discussed.

Learning Objectives:

- Define opioids and recognize common opioids
- Discuss common opioid side effects and dangers of opioid use
- Review the impact of opioid use on older adults
- Analyze opioid overdose and the use of naloxone
- Recognize best practices to avoid and treat opioid overdose

Please invite your friends, colleagues, and loved ones to attend this event with you to learn together and support each other.

Hosted by Alliant Quality, the quality improvement group of Alliant Health Solutions (AHS), the Medicare Quality Innovation Network-Quality Improvement Organization (QIN-QIO) for Alabama, Florida, Georgia, Kentucky, Louisiana, North Carolina, and Tennessee.
