HQIC Goals

### Behavioral Health Outcomes & Opioid Misuse
- Promote opioid best practices
- Decrease high dose opioid prescribing and opioid adverse events in all settings
- Increase access to behavioral health services

### Patient Safety
- Reduce risky medication combinations
- Reduce adverse drug events
- Reduce *C. diff* in all settings

### Quality of Care Transitions
- Convene community coalitions
- Identify and promote optimal care for super utilizers
- Reduce community-based adverse drug events
