### Featured Speaker:

- **Danyce Seney**, RN BSN, RAC-CT; IPRO Quality Improvement Specialist  
- [dseney@ipro.org](mailto:dseney@ipro.org)
- **Melanie Williams**, RN, MSN; IPRO Infection Prevention Specialist  
- [mwilliams@ipro.org](mailto:mwilliams@ipro.org)
- **Kathy Stevenson-Cobb**, RN; IPRO Quality Improvement Specialist  
- [kscobb@ipro.org](mailto:kscobb@ipro.org)

### Event Description:

Despite the industry wide focus, vaccination rates still reflect an opportunity for improvement in most post-acute care settings. Join our conversation with experienced SNF clinician leaders as we discuss how quality improvement tools, data and best practices can help improve processes to increase vaccination rates.

### Learning Objectives:

- Identify strategies for increasing vaccination rates among short term rehab patients
- Learn best practices for ensuring timely and accurate documentation of vaccine screens, refusals and education
- Learn how to use testing of the 5 attributes to validate the effectiveness of established processes

**Use Tomorrow:** Review your facility data and test the 5 attributes of your vaccination process for short term rehab patients.
