ALLIANT HQIC Quality Leader Summit

Tuesday, January 17, 2023
1 - 2 p.m. ET

Join this exciting webinar to learn how the Alliant Hospital Quality Improvement Contractor (HQIC) program has improved patient outcomes for our 147 enrolled hospitals in the past two years. This webinar will also focus on patient and family engagement (PFE) and strategies to improve the five structural metrics. Hospitals will present their accomplishments and barriers to restarting and engaging their patient and family advisory councils (PFACS) to improve quality and patient safety. In addition, we will discuss educational and networking opportunities in 2023.

OBJECTIVES:

1. Review performance to date and, 30-month target goals.
2. Discuss the five structural metrics for patient and family engagement and opportunities for improvement among the enrolled hospitals.
3. Learn how hospitals are restarting their patient and family advisory councils (PFAC) after suspending activities during the COVID pandemic.
4. Discuss upcoming educational and networking opportunities in 2023.
