C. DIFFICILE INFECTION REDUCTION IN LONG TERM CARE:

Session Six: Comprehensive
Review

Wednesday, February 8, 2023

1:00 - 1:30 p.m. ET / 12 - 12:30 p.m. CT

PATIENT
SAFETY

SUMMARY:

Did you know more than 100,000 *C. difficile* infections developed among residents of U.S. nursing homes? Join us for the last session of our series as we review *C. difficile* infection reduction strategies, antibiotic stewardship, and infection prevention best practices.

AFTER ATTENDING THIS SESSION, LEARNERS WILL BE ABLE TO:

1. Understand *C. difficile* infection risk factors, treatment updates and antimicrobial stewardship.
2. Implement decision-making strategies for enhancing early recognition of patients with *C. difficile* infections and environmental cleaning best practices.
3. Differentiate between enhanced barrier precautions and contact precautions.
4. Understand *C. difficile* surveillance definitions and internal data reporting.
