

## CHECKPOINT E: Waitlisting Decision

As you finish your transplant evaluation requirements, the transplant team will review your case and decide if you are a transplant candidate.

If you are **WAITLISTED:**

Now that you are active on the kidney transplant waitlist, you should stay healthy and be ready for surgery when a kidney becomes available.

See **Checkpoint G** for more information on staying active on the waitlist.

If you are **NOT WAITLISTED:**

Not being approved doesn't always mean a No, but maybe a "not just yet." Work with your care team to help address any issues that can turn a no to a yes. If you have questions about your status on the waitlist, ask the team at the transplant center.

See **Checkpoint F** for more information if you're not approved.
