NURSING HOME PATIENT SAFETY SERIES:

Practical Strategies To Prevent Sepsis in Nursing Home Residents

Wednesday, February 21, 2024

1:30 p.m. - 2 p.m. EST

SUMMARY:

In this healthcare-associated infection (HAI) prevention educational event, we will discuss interventions to prevent sepsis in nursing home residents.

IN THIS EVENT, WE WILL:

1. Review the burden of sepsis and sepsis-related hospitalizations in nursing facilities.
2. Provide tools and resources to prevent the HAIs that are most commonly associated with sepsis in nursing home residents.
3. Share resources to support nursing facility infection prevention and control programs.

WHO SHOULD ATTEND:

Long-term care clinicians, support staff and administration
