Bridging Acute and Post-Acute Care to Improve Outcomes

Thursday, March 28, 2024

12:30 - 1 p.m. EST | 11:30 - 12 p.m. CST

SUMMARY:

Join Esther Pandey, DNP, MS, RN, the system vice president of care transitions at Mount Sinai Health System, to learn about the hospital's journey in defining relevant measures and building skilled nursing facility collaboration.

Esther has built a bridge between post-acute care facilities and the acute care setting, resulting in reduced readmissions, shorter SNF length of stay, and optimized post-acute spending. During this event, you will learn how electronic integration, root cause discussions, and weekly rounding can help improve clinical outcomes. Discover how to establish a culture of shared learning, educational dissemination, and best practices between health systems and skilled nursing facilities.

DURING THIS EVENT, PARTICIPANTS WILL LEARN:

1. How electronic integration, root cause discussion, and weekly rounding help improve clinical outcomes.
2. How to create an environment of shared learning, educational dissemination, and best practices between health systems and skilled nursing facilities.
3. How to develop dashboards and create actionable and successful quality improvement efforts between organizations.
