ORAL ANTICOAGULATION 101: What You Need To Know!

Wednesday, March 27, 2024
2 - 2:30 p.m. EST | 1 - 1:30 p.m. CST

SUMMARY:

This educational event will take us back to the basics of oral anticoagulant medications. Anticoagulants are considered high-risk in the Medicare population, but they are still necessary. In this presentation, we will discuss oral anticoagulant medications, common adverse drug events (ADEs), and tips for preventing ADEs.

DURING THIS EVENT, LEARNERS WILL:

1. Learn how to recognize common oral anticoagulant medications.
2. Learn how to distinguish between different oral anticoagulant medications.
3. Summarize issues that can occur with anticoagulant medications.
4. Identify ways to decrease clot risk.
