

Uninsured?

**Protect yourself
with a free
COVID-19 vaccine.**

Find a free COVID-19 vaccine near you at
[Vaccines.gov](https://www.vaccines.gov).

The **Bridge Access Program** provides free updated COVID-19 vaccines for any adult 18 years or older without health insurance or whose plan doesn't fully cover COVID-19 vaccination. You don't need to sign up. Just tell a participating provider whether you have coverage. This program will end by December 31, 2024.

This document was created by the Centers for Disease Control and Prevention (CDC) and adapted by Morehouse School of Medicine's National COVID-19 Resiliency Network (NCRN) and modified by Alliant Health Solutions, a strategic partner with [Morehouse School of Medicine's National COVID-19 Resiliency Network \(NCRN\)](#). The funding was made possible through a grant from the US Department of Health and Human Services Office of Minority Health.
