NURSING HOME PATIENT SAFETY SERIES: **Infection Prevention and Control** **Hot Topics for Nursing Facilities**

Wednesday, May 15, 2024
1:30 p.m. - 2 p.m. ET

Featured Speaker:

Erica Umeakunne
MSN, MPH, APRN, CIC
Infection Prevention Specialist
Alliant Health Solutions

SUMMARY:

In this healthcare-associated infection (HAI) prevention educational event, we will discuss current infection prevention and control topics such as enhanced barrier precautions (EBP) implementation, sepsis and hospital readmissions and regulatory reporting requirements.

IN THIS EVENT, WE WILL:

1. Discuss how to implement EBP as a strategy to prevent and control multi-drug resistant organism (MDRO) transmission in nursing facilities using clinical scenarios.
2. Address your questions about EBP implementation.
3. Examine strategies to reduce sepsis hospitalizations in nursing home residents.
4. Review NHSN reporting requirements for nursing facilities.
5. Share Alliant Health Solutions resources to support infection prevention and quality improvement initiatives.

WHO SHOULD ATTEND:

Long-term care clinicians, support staff and administration
