### NURSING HOME READMISSION AFFINITY GROUP:

## Breathe Easier: Implementing Strategies for Reducing COPD Readmissions

**Thursday, September 12, 2024**

1:30 - 2:30 p.m. ET | 12:30 - 1:30 p.m. CT

### SUMMARY:

Through the lens of a QAPI framework, attendees will learn practical strategies for preventing readmissions for individuals with chronic obstructive pulmonary disease (COPD). By delving into best practices for identifying, managing and mitigating COPD readmission risk factors, participants will acquire valuable insights and tools to enhance care coordination, improve patient outcomes, and drive operational excellence within their health care organizations.

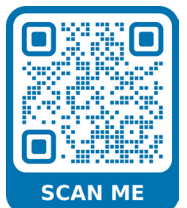

### LEARNING OBJECTIVES:

1. Apply the QAPI framework and evidence-based strategies to prevent readmissions for individuals with COPD.
2. Recognize the unique factors and multifaceted implications of reducing COPD readmissions.
3. Understand the pathophysiology and management of COPD.

**Please invite your MD/DO, PA, NP, Infection Preventionists, and QAPI team to join you!**
