Welcome to Your Coloring Book!

Living with end-stage renal disease (ESRD) can be tough—not just on your body, but on your mind too. There's a lot to manage, from medicines to meals to dialysis, and it's normal to feel stressed or overwhelmed sometimes. You're not alone. Many people with kidney disease feel the same way.

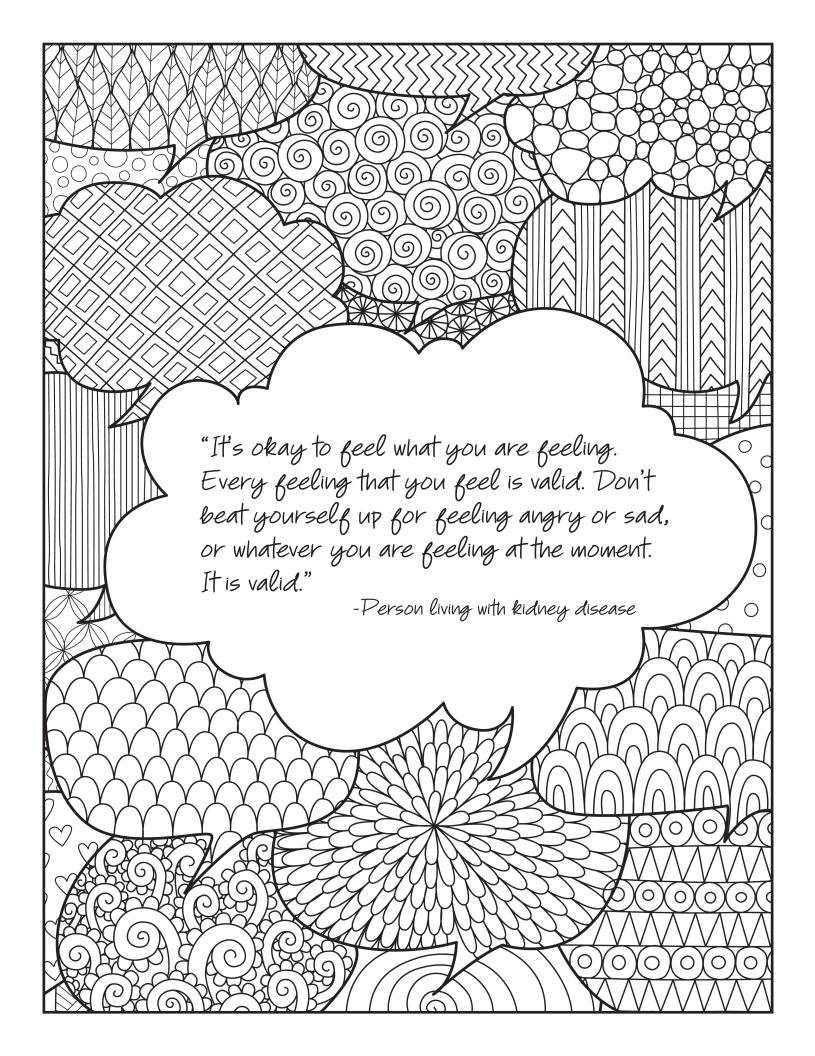

That's why we created this coloring book! Coloring is a great way to relax, take a deep breath, and focus on something peaceful. It's a small but powerful tool to help with stress, anxiety, and those tough days when you just need a break.

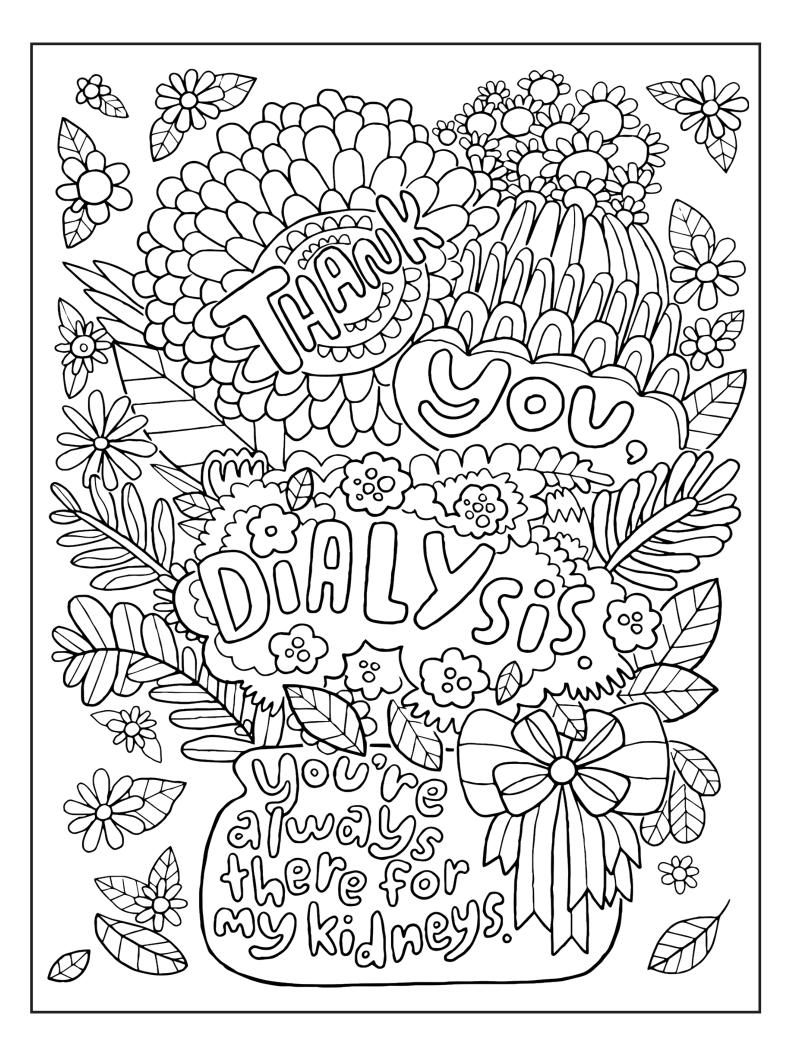

So grab your favorite colors and make this book your own. This is your time to slow down, enjoy the moment, and take care of yourself.

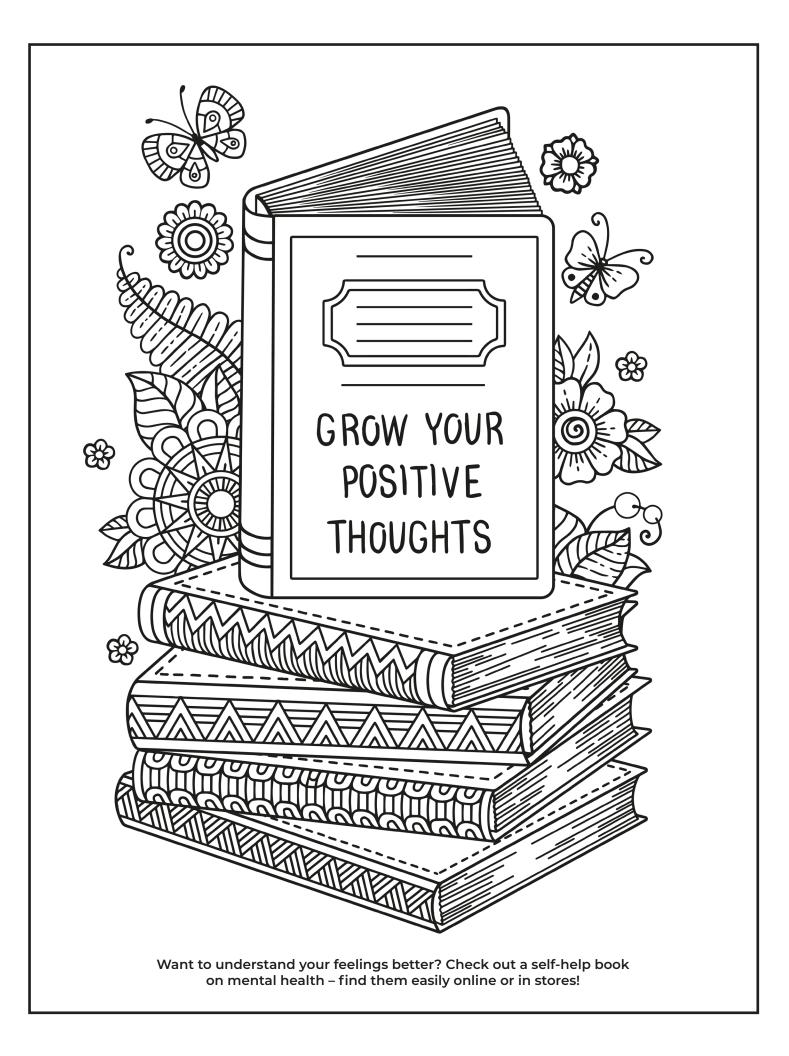

Happy coloring!

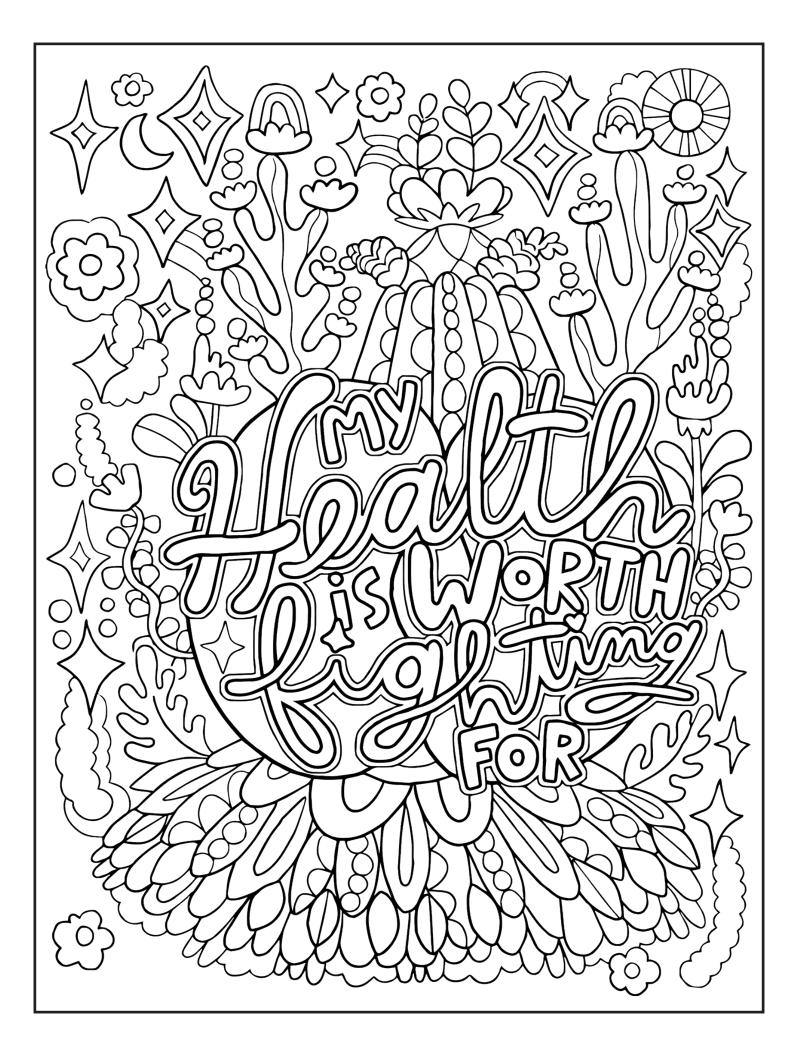

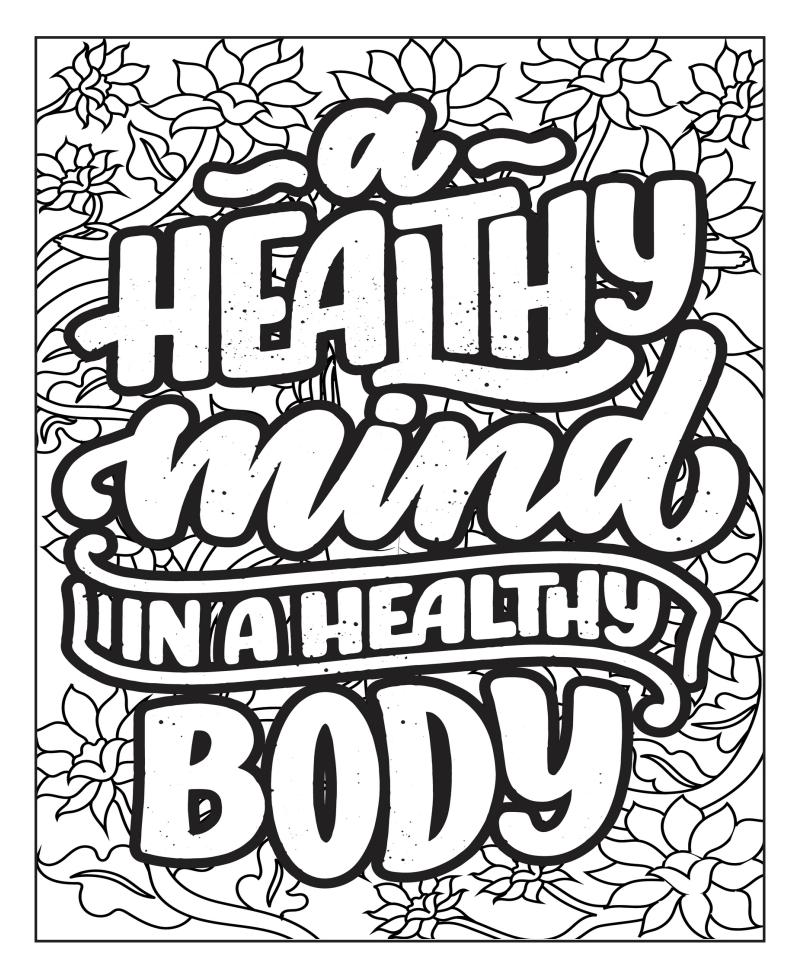

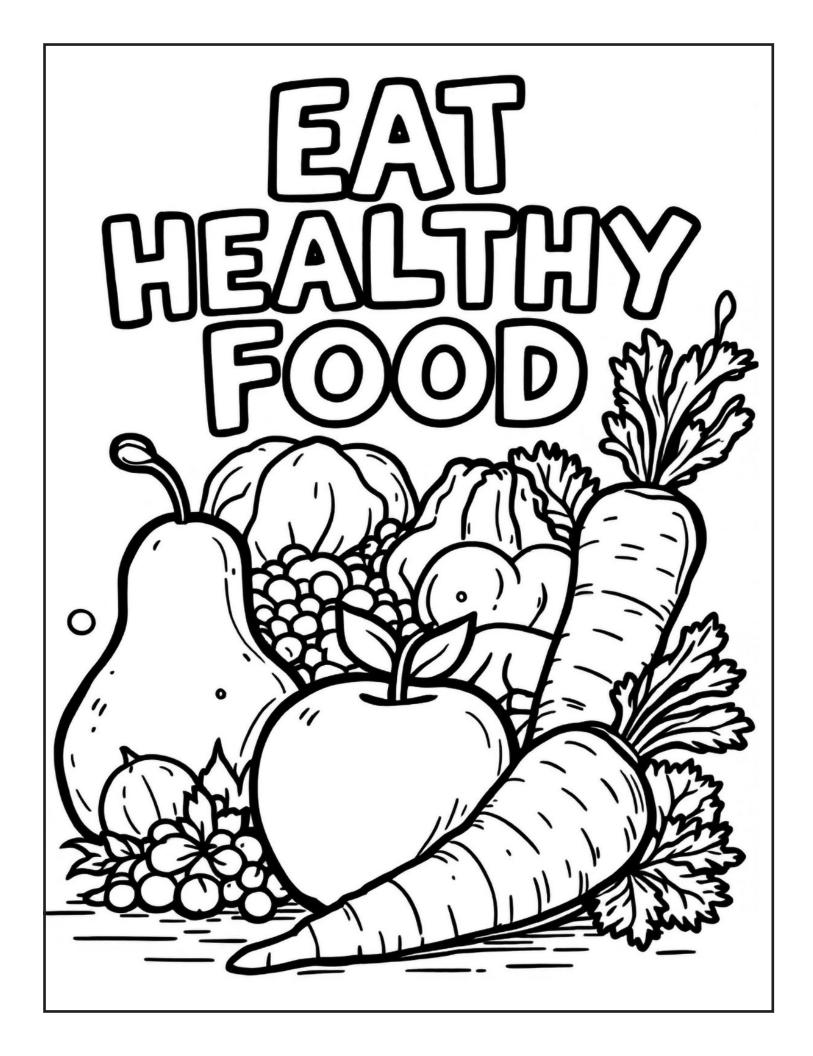

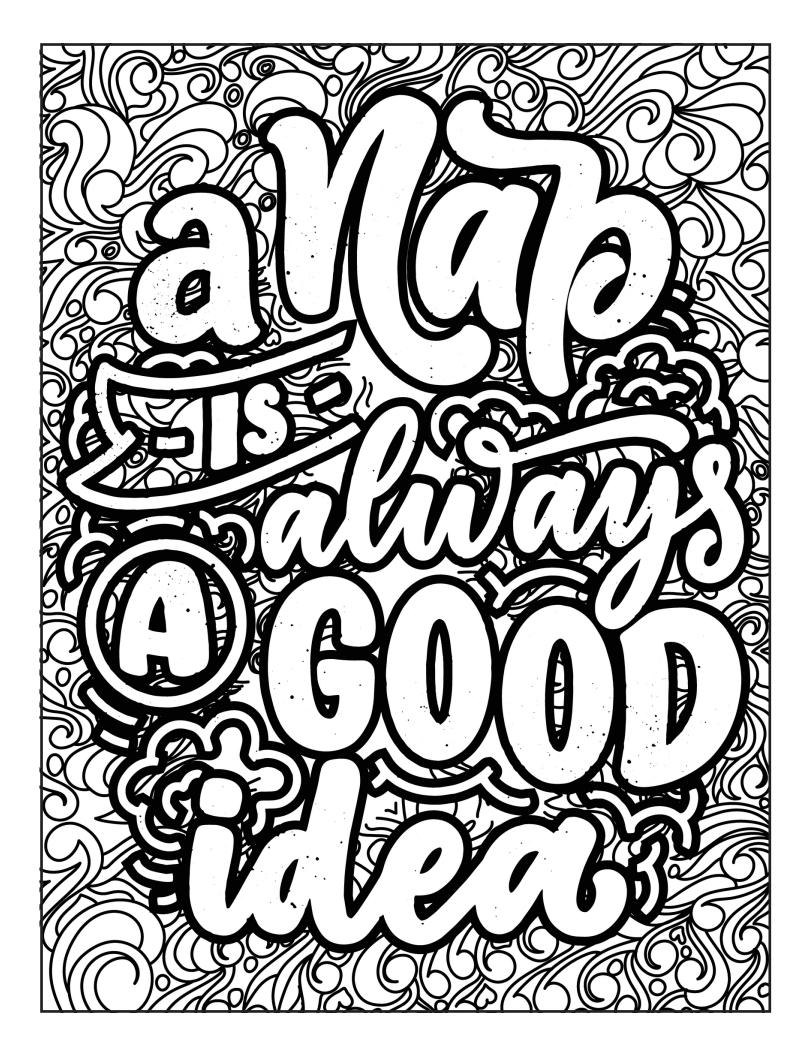

Boost your mood and mind with exercise! It can ease anxiety and depression, sharpen thinking, learning, and memory. If you have health concerns, chat with your doctor before jumping in.

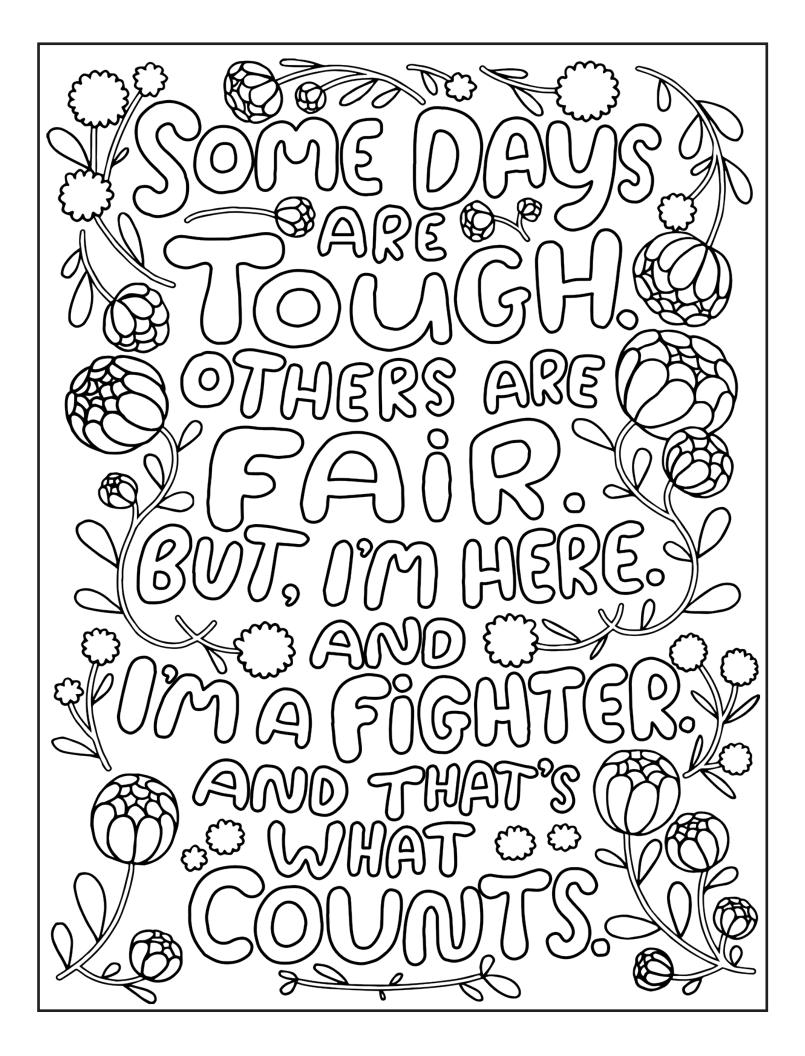

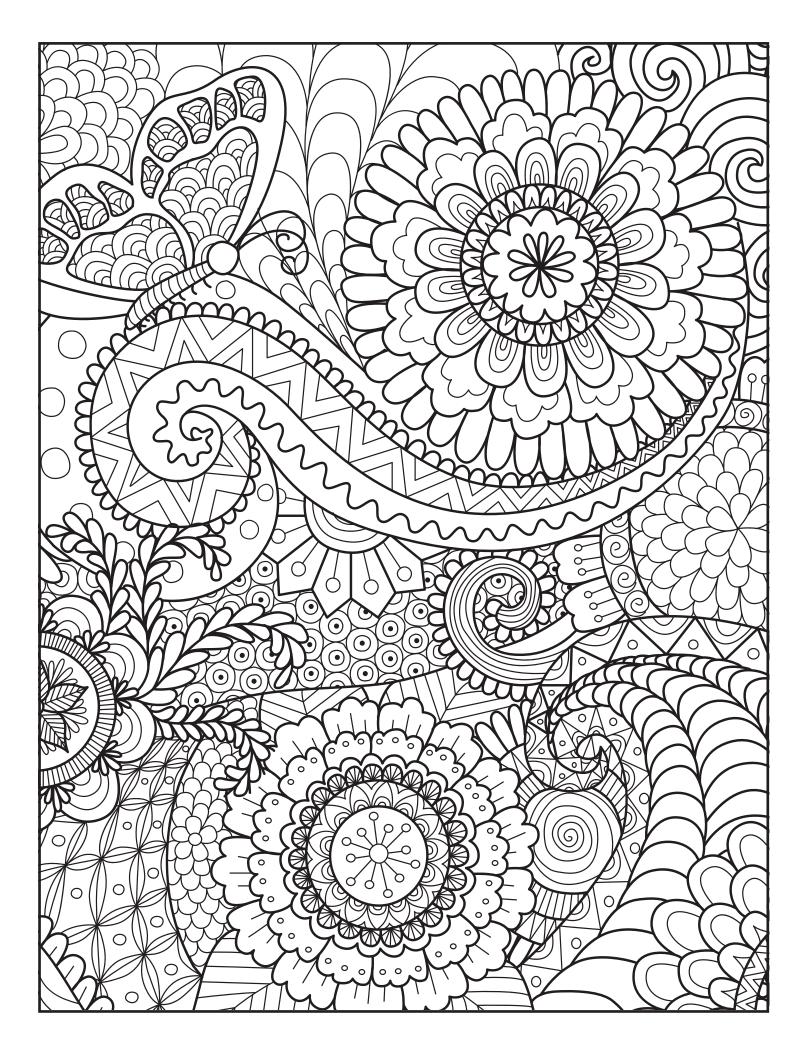

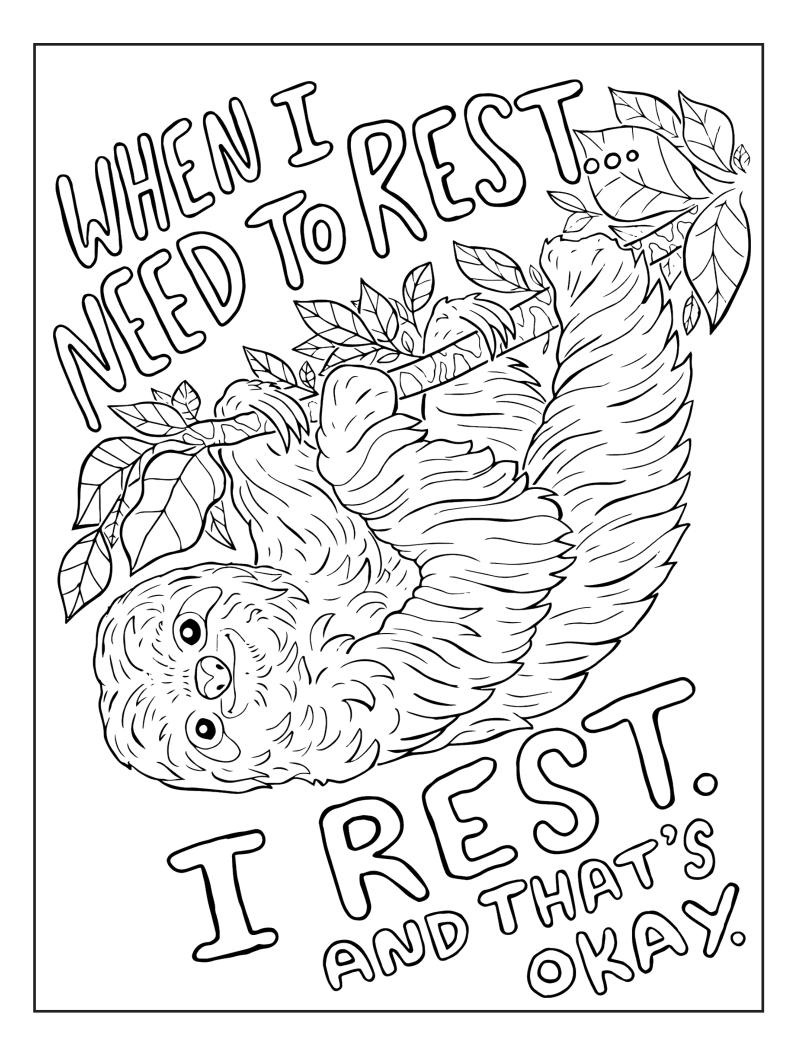

Tap into your faith and spirituality for a powerful mental health boost! Your religious community offers a supportive network to lean on when you need it most.
