

Opioid Prescriber Support Program

— An Alliant Health Solutions Initiative —

COMMUNITY OF PRACTICE

All Teach, All Learn:

Case-Based Approaches to Patient-Centered Pain Management and Safe Opioid Prescribing

**Thursday,
October 8, 2026**
1 - 2:30 PM ET

Virtual Event
Live via Zoom

Join fellow opioid prescribers for an interactive case-based discussion. Explore evidence-based prescribing practices, strategies for integrating non-opioid and non-pharmacological approaches and practical solutions for delivering safe, effective, and patient-centered pain care.

AT THE CONCLUSION OF THIS SESSION, PARTICIPANTS WILL BE ABLE TO:

Apply evidence-based opioid prescribing practices to patient care.

Identify opportunities to incorporate non-opioid and non-pharmacological pain management strategies.

Share best practices for delivering safe, patient-centered pain care.

CME CREDITS AVAILABLE

FEATURED SPEAKER

Jenn Azen, MD, MPH

Clinical Associate Professor of Medicine at the University of Washington School of Medicine
