

Opioid Prescriber Support Program

— An Alliant Health Solutions Initiative —

VIRTUAL COMMUNITY OF PRACTICE SERIES

All Teach, All Learn: Case-Based Approaches to Patient-Centered Pain Management and Safe Opioid Prescribing

Join fellow opioid prescribers for an interactive Community of Practice featuring peer-to-peer learning and real-world case discussions. Explore evidence-based opioid prescribing, non-opioid and non-pharmacological pain management strategies, and practical approaches to safe, effective, patient-centered care. Share experiences, solve challenges together, and leave with actionable strategies for your practice.

Peer-to-peer
